

# Colony<sup>SM</sup> Term UL & Colony<sup>SM</sup> Term UL NY Fact Sheet

Colony Term UL is a universal life insurance policy designed to allow your client to choose periodic planned premiums for death-benefit guarantees that are comparable to term insurance premiums for the same periods. Colony Term UL offers a death-benefit guarantee that can keep the policy in force even if policy values do not. This guarantee, however, is conditional. In addition, certain policy rights, if exercised, can end this guarantee.\*

This fact sheet is not a complete explanation of policy features and benefits. For a complete understanding of the terms, limitations and conditions, refer to the policy.

<b>Key Features</b>	<ul style="list-style-type: none"> <li>Planned premiums for death-benefit guarantees for selected periods of 10, 15, 20 and 30 years are comparable to term insurance premiums for the same periods.</li> <li>Higher premiums will be required to guarantee coverage beyond the initial period selected. The amount of premium necessary to extend coverage beyond the initial period depends on the length of the guarantee period and the frequency of planned-premium payments.</li> <li>Flexible Premium: Although a planned-premium pattern comparable to term insurance premiums can be chosen to guarantee coverage for a period, other patterns of planned premiums can also guarantee coverage.</li> <li>Catch-up Available: The cost for the catch-up can be significant (the longer the period, the higher the cost).</li> <li>“Imperfect Timing Forgiveness” – for the purpose of determining whether the death-benefit guarantee is in effect, we credit payments as of the first of the month in which they are paid. Remember, though, premiums are credited to Policy Value as of date received.</li> </ul>

*(table continued on reverse)*

\* The death-benefit guarantee is conditioned on the payment of enough premium so that at the beginning of a policy month the policy’s Coverage Protection Amount (defined in the Coverage Protection Benefit section of the policy) minus any policy loan balance is zero or greater. Policy loans and/or withdrawals can shorten the length of the guarantee or affect whether or not the guarantee remains in effect.”

All guarantees are based on the claims-paying ability of the issuing insurance company. All products and their riders and benefits are subject to their policy forms and to state availability and issue limitations.
