¹Effective 2/5/18. Rates shown are based on S&P Annual Point-to-Point with Cap, seven-year surrender charge period. Index crediting cap is subject to change at any time for new issues. Once issued, the cap is guaranteed for the first strategy term and is subject to change for future terms. Other interest strategies are available with distinct rates, caps and spreads.

²Fastest growing based on average annual growth rate, 2012-2016, according to LIMRA annuity participant reports, for companies with at least \$250 million in annual sales, as of December 31, 2016.

"E-app" is defined as business submitted through Firelight (our SnapApp or via Firelight direct) or your IMO's or Broker Dealer's order entry system. There is no minimum production requirement.

Rules of the road Agents are eligible if they have no debit balance and have not been the subject of any customer complaint. The program and its criteria apply to individual writing agents signing applications. Prior to payout, a W-9 is required from each agent who will receive a payout. Final payments will be assessed 91 days post-close of promotion. Any cases not fully funded in 90 days become ineligible for this commission level.

Global Atlantic reserves the right to terminate or change the terms of this program at any time, at its sole discretion, and will make all determinations as to eligibility.
