### Why AIG:

From innovative ways to increase safety to deep insights into risks to high-performance technology, discover why brokers and clients are choosing AIG.

### AIG's Promise:

We would like to tell you more about our company. AIG began with a promise. In 1919, we extended a promise to our customers – to help them insure their lives, their property, and secure their retirements. We're helping people recover and rebuild – for the last 95 years and we're continuing to do that today and into the future.

### AIG: We're Here

We're here to help you realize a brighter tomorrow - whether that means assisting a community to recover and rebuild, or helping a company go from garage to global. We're here to help retirements and protect financial futures. We're here to have your back when you need it most.

### The AIG Turnaround Story: A Promise Kept, A New Chapter Begins

We would like to update you on AIG's turnaround story. The story about how we kept our promise to repay the U.S. government and American taxpayers in full, plus a profit. AIG is one of the world's largest insurance companies, serving over 88 million clients in 130 countries and jurisdictions. We're proud to tell you how this part of the story ends. We're the new AIG. Bring on tomorrow.
